many records released only on 78 are speculated to be "extremely rare" on 45..and they werent ever issued on that form. so this would lead some to believe that there were 45s of the earliest robins records..not to mention the absurd possibility of a manor 45 by the four tunes! on a good note,the book makes for VERY interesting. reading and propes gets into record "themes"..my favorite part of the book. drinking songs..sex songs..ect beach party music was THE best afro american music ever and for a breif time in the very late 40s and early 50s,it was in its prime. this wo The term "discography" was popularized in the 1930s by collectors of jazz records. Jazz fans did research and self-published discographies about when jazz records were made and what musicians were on the records, as record companies did not commonly include that information on or with the records at that time. Two early jazz discographies were Rhythm on Record by Hilton Schleman and Hot Discography by Charles Delaunay.[1][2]. A compilation of a performer's piano rolls is called a "rollography."
