Representing the work of leading scholars from both Britain and North America, *Romanticism and Popular Culture in Britain and Ireland* offers a series of fascinating insights into changing representations of 'the people', while demonstrating at the same time a unifying commitment to rethinking some of the fundamental categories that have shaped our view of the Romantic period. Addressing a series of key themes, including the ballad revival, popular politics, urbanization, and literary canon-formation, the volume also contains a substantial introductory essay, which provides a wide-ran Although British culture is a distinct entity, the individual cultures of England, Scotland, Wales and Northern Ireland are diverse and have varying degrees of overlap and distinctiveness.[1]. While Britain has a presence in all the arts, its literature is particularly esteemed. The novel was invented in the UK, and playwrights, poets, and authors are among its most prominent cultural figures.[2] Britain has also made notable contributions to music, cinema, art, architecture and television.Â Popular commercial music in Britain can be traced back at least as far as the seventeenth-century broadside ballad, and also encompasses brass band music and music hall. Popular music in the modern sense began to emerge in the 1950s, as the American styles of jazz and rock and roll became popular.
