Developing Your Psychic Abilities. You have probably already recognized one or two of these traits within yourself. Most people are strong in one or two of these senses, and not so strong in the rest. While you can learn to develop all of these senses, most commonly you’ll end up relying on the one or two you are naturally strongest in. When just beginning to work on developing your clairvoyance, I suggest that you do the exercises with your eyes closed. This will reduce distractions. Once you become more familiar with the third eye, you’ll discover that you can access it easily whether your eyes are open or closed. Once you begin to develop, you might want to try remote viewing. Sit quietly and visualize a place other than where you are. 15 Exercises For Developing Psychic Ability and Unlocking Your Psychic Powers. So many people are interested in the things unseen in our world, the things that lie beneath the perception of most people. Fortunately, there are a lot of methods and techniques you can use to expand your senses to the world beyond normal perception. From there, you’ll begin to strengthen your intuition and see and know things that the people around you won’t be able to pick up on. Clairvoyance is one of the primary abilities that come with being psychic. To develop it, take a few moments to focus on your third eye area, which lies just above and between your eyebrows. Imagine your third eye opening.
