:Choral music teachers simultaneously work toward two potentially competing goals: the quality of the musical performance and the quality of the education they provide for students. Is either goal preeminent, or can both exist in an ever-shifting balance? This paper highlights how this conundrum has existed since the emergence of North American choral music education nearly a century ago. The problem is explored as a paradox, with examples drawn from the author's personal experience. Teaching Choral Music. (Second Edition). Don L. Collins - Pearson Education. Click to review.
