## **[True Paranormal Hauntings: What Happens After Dark? Creepy True Paranormal Hauntings and Stories from All over the World](#)**

By : **Max Mason Hunter**

The world is a curious place and the things that humans know are scarcer than the unknown and unexplained. The existence of ghosts is probably one of the things that science cannot either prove or disprove; in all its aspects, at least. Though their presence on Earth is not widely accepted, the air of mystery that hangs about ghost stories keep them alive. It is the furtive truth in them that keeps people wanting to know more about them; and with this curiosity, some hauntings have even been proven true. Each culture and country somehow have their own versions of ghosts and hauntings. What's fascinating is that, across borders and traditions, these hauntings share the same spine-tingling and hair-raising effect on those that get to hear or read about them. This book includes true creepy ghost hauntings from around the world that will make you conclude that 'they' really exist. From haunted islands, confirmed poltergeist cases, to restaurants haunted by an estranged lover, mansions and palaces that serve as a home to a number of ghosts, and even a ghost train that never lets its passengers off, this book will provide all your ghostly curiosity and mystery seeking needs...

## **[Spirit Conjuring for Witches](#)**

By : **Frater Barrabbas**

The greatest Witches of folklore practiced their craft by conjuring spirits and employing a familiar spirit. Now, centuries later, these arts—supposedly the domain of ceremonial magicians only—can be perfected by modern Witches. In this groundbreaking book, Witch and ritual magician Frater Barrabbas shares a system of Witchcraft-based magic developed for safely performing invocations and evocations, handling fallen spirits and Goetic demons, traveling in the spirit world, creating a spirit pact, and constructing your own rituals for spirit conjuring. To help you get to know the full breadth of the spirit world, *Spirit Conjuring for Witches* includes a unique list of spirits as well as techniques for working with sigils and recommendations for classical grimoires. Exploring history, folktales, and personal experiences, this book shows how to magically develop relationships with spirits and ultimately master both the spirit and material worlds. Praise: "A clear and distinct body of tools and rituals for working with a broad range of spirits. If you are a witch looking for a more formal approach to this field, this may be the book for you."—Ivo Dominguez Jr., author of *Spirit Speaks* and *Practical Astrology for Witches and Pagans* "Frater Barrabbas has made a valuable contribution to the practice of modern witchcraft...This is a very thorough and carefully developed invitation to revive the practice of magical evocation that historically played so central a role in witchcraft and magic."—Jim Baker, author of *The Cunning Man's Handbook* "Frater Barrabbas shows how modern Witches can also reclaim their ability to conjure spirits in the age-old tradition of evoking beings of the Otherworld to attain knowledge or obtain practical results in this world. With the current revival in the publication, study and use of the classical grimoires, witches who are drawn to the practice of the magickal evocation of spirits now have a detailed guide to the inner preparations and outer practices necessary to evoke spirits safely and correctly."—Jonathan Nightshade, Gardnerian HP, Traditional Crafter and Sorcerer "I wish that there had a book like *Spirit Conjuring for Witches* back when; it would have saved me any number of missteps along the way. With more than forty years of experience under his cincture, Frater Barabbas speaks with a

voice of wisdom, clarity and authority: truly one of the Thirteen Human Treasures of Paganistan."—Steven Posch, Traditional Witch and Host of Radio Paganistan "As Witches we all work with Deity and various spirits; but can you honestly say you communicate with them? This book is a valuable resource for every serious Witch's library. The author has outlined how to truly connect with that spirit realm, which allows us to build a relationship with those we work with."—Lady Adariana, Gardnerian HPS

## **The Ancient Secret of the Flower of Life, Volume 2**

By : **Drunvalo Melchizedek**

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The

proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science, stories, logic, and coincidence on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation -- step-by-step techniques for the re-creation of the energy field of the evolved human -- which is the key to ascension and the next dimensional world. if done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others, and even of the planet.

## [Clairvoyance](#)

By : **Charles Webster Leadbeater**

Clairvoyance means literally nothing more than "clear seeing," and it is a word which has been sorely misused, and even degraded so far as to be employed to describe the trickery of a mountebank in a variety show. For the purpose of this treatise we may, perhaps, define it as the power to see what is hidden from ordinary physical sight.
