The Formation of National Party Systems Federalism and Party Competition in Canada, Great Britain, India, and the United States
Pradeep Chhibber & Ken Kollman. Editions. Paperback. Regional parties thrive when authority in a nation-state rests with provincial or state governments. The success of political parties therefore depends on which level of government voters credit for policy outcomes. National political parties win votes during periods when political and economic authority rests with the national government, and lose votes to regional and provincial parties when political or economic authority gravitates to lower levels of government. This is the first book to establish a link between federalism and the formation of national or regional party systems in a compar
