No one can know what is in the hidden 95%. Put simply, it would be as if our parents gave us a total of 100 cards when they gave us life " of which only 5 can be used. They don't know which cards they'll be handing down, but that's not the real issue. The bigger problem is that of the 100 random cards, we can't even choose which of the 5 we get to use. We have to pick them with our eyes closed. Now imagine each of these cards represents a diff
