Turning The Tables: Restaurants From The Inside Out

Steven Shaw

What does turn the tables expression mean? Definitions by the largest Idiom Dictionary. It turned out that the surprise party was for me! Jane really turned the tables on me! Turning the tables like that requires a lot of planning and a lot of secrecy. See also: table, turn.

turn the tables. Reverse a situation and gain the upper hand, as in Steffi won their previous three matches but today Mary turned the tables and prevailed. This expression alludes to the former practice of reversing the table or board in games such as chess, thereby switching the opponents' positions. [c. 1600]. See also: table, turn.

turn the tables. In Turning the Tables, Shaw weaves an intriguing tapestry of journalism and opinion to deliver an unprecedented look at every aspect of the world of restaurants. His infectious enthusiasm and penetrating observations make Turning the Tables a joy to read. Using his knowledge of the food industry, he treats the reader to an inside look at restaurants, what makes them work, how the food appears on the table, and even some guesses about the future of dining in America. Most of his references are to places in New York City, but the process is repeated in most places, so we can use what we take for Turning the Table Shaw has written a book to be appreciated by people who enjoy dining out (as opposed to grabbing a bite to eat at the nearest McDonalds).
