This item:How Philosophers Saved Myths: Allegorical Interpretation and Classical Mythology by Luc Brisson Paperback \$28.00. In Stock. Ships from and sold by Amazon.com.Â This wonderful book confirms Brisson"s status as one of the major authorities in the field of classical antiquity. Overall, and with this excellent translation, the book is invaluable." Read more.Â To save a place for traditional mythology, later generations began to interpret the myths as allegories pertaining to natural science, history or psychology. Brisson than traces the history of these interpretations down to the Renaissance where they eventually fell out of favor. The amount of erudition in this telling is impressive, but there is little attempt at analysis or synthesis. Medieval literature is a broad subject, encompassing essentially all written works available in Europe and beyond during the Middle Ages (that is, the one thousand years from the fall of the Western Roman Empire ca. AD 500 to the beginning of the Florentine Renaissance in the late 15th century). The literature of this time was composed of religious writings as well as secular works. Just as in modern literature, it is a complex and rich field of study, from the utterly sacred to the exuberantly
