Viewed from this perspective, as a secular rationality has come to define law, statecraft, knowledge production, and economic relations in the modern world, it has also simultaneously transformed the conceptions, ideals, practices, and institutions of religious life. Secularism here is understood. I would like to thank Charles Hirschkind, Hussein Agrama, Talal Asad, and Michael Allan for their comments on an earlier version of this essay.Â not simply as the doctrinal separation of the church and the state but the rearticulation of religion in a manner that is commensurate with modern sensibilities and modes of governance. To rethink the religious is also to rethink the secular and its truth-claims, its promise of internal and external goods.
