Image caption The sea separates Britain from Europe and links it with the world beyond. Britain, obviously, is an island nation. Is this the key to its arms-length attitude to Europe? For centuries "we lived in splendid isolation, protected by the Navy and the Empire", the historian Vernon Bogdanor has said. "Now, of course, that period of isolation has long gone, but perhaps it still retains some of its impact upon the British people, who do not want ties with the Continent." The world beyond Europe, and the future beyond Brexit, starts right here. And if you want to know if the world has confidence in this new Global Britain, then look at our investment record and see where global investors are choosing to put their money. According to UNCTAD, in the first 6 months of 2018 the UK was second only to China in terms of FDI, ahead of the United States and data published by Ernst and Young showed that all parts of the UK and all England regions are benefiting with around 50,000 jobs created as a result.
