This reference is by no means exhaustive, but does cover many of the bayonets encountered on the collector's market today, as well as some rare and unusual specimens. The guide is a work in progress. It currently includes over 460 bayonets; plus more than 100 frogs and related items from 67 countries. I will continue adding additional examples as I acquire new pieces and find time to photograph them and do the Wonderfully detailed and stunningly layered, The War Before Independence brings America's early upheaval to a ferocious boil on both sides of the battlefield, and vividly captures the spirit of a fight that continues to inspire brave hearts today. 2. 12,99 USD 9,99 USD.
