Biology - Characteristics of Life and Principles - ThoughtCo 1 Feb 2015. At Hydrate Ridge and many similar sites around the world, methane COURTESY OF JEFFREY MARLOW Energy is the currency of biology.

The diversity of life is indeed remarkable—and so will be your experience with this course. You may not understand everything the first or even the second time you hear it, but "the point isn't to remember the details," says Professor Nowicki. "The point is to understand how the details are processed, how they're analyzed, how biologists come up with these ideas, and how to think about the new information you might encounter in the future.
