Most of the time, comic book crossovers are simply a way for a former cartoon character that gets sent to the world of comic books.

Otherwise, this is an excellent introduction to the world of DC Comics. It summarises the history of most of the major DC characters, from their humble origins to their glory days and beyond. Much more so than Marvel characters, DC characters like Superman, Batman, Wonder Woman and the Justice League have, over the last half century or so, worked their way into the very cultural fabric and the psyche of the American public. This book goes over the history of DC Comics. It is a "coffee table" type book with lots of colorful pictures. It does a good job of discussing most of the major characters and genres published by DC over the years. Of course, superheroes get more pages than anything else, but they also cover things like romance comics and horror comics. download Library of the Worlds Best Mystery and Detective Stories (Dodo Press) read online. download Malicia / Wicked ePub. download Manifolds and Modular Forms kindle.
