

# Oriental Mythology

By Joseph Campbell

Genre : Social Science

Release Date : 2014-10-14

**Oriental Mythology by Joseph Campbell** is Social Science Explore the power of myth as it flowered in Asia In this second volume of The Masks of God — Joseph Campbell's major work of comparative mythology — the pre-eminent mythologist looks at Asian mythology as it developed over the course of five thousand years into the distinctive religions of Egypt, Mesopotamia, India, China, and Japan. The Masks of God is a four-volume study of world religion and myth that stands as one of Joseph Campbell's masterworks. On completing it, he wrote: Its main result for me has been the confirmation of a thought I have long and faithfully entertained: of the unity of the race of man, not only in its biology, but also in its spiritual history, which has everywhere unfolded in the manner of a single symphony, with its themes announced, developed, amplified and turned about, distorted, reasserted, and today, in a grand fortissimo of all sections sounding together, irresistibly advancing to some kind of mighty climax, out of which the next great movement will emerge. This new digital edition, part of the Collected Works of Joseph Campbell series, includes over forty new illustrations.

### [Introducción a la Sociología para Ciencias Sociales](#)

By : José Antonio Díaz Martínez

Este es un libro de introducción a la Sociología. Desde el principio, comprobará el lector que la perspectiva sociológica no se asemeja al conocimiento común, sino que, por el contrario, trata de explicar con una metodología propia de las Ciencias Sociales por qué las cosas son como son. Es decir, la Sociología no solo describe la realidad social o cómo es un fenómeno social determinado, sino que trata de encontrar una explicación a ese acontecimiento o fenómeno social. Desde sus orígenes, la Sociología ha tenido esa pretensión científica de estudiar objetivamente la realidad social, de descubrir las regularidades o las leyes de la vida social. Ese es el enfoque que hemos dado a todos los capítulos de esta obra, a través de los cuales se aborda el estudio de los aspectos nucleares que caracterizan la compleja sociedad actual. En algunos puntos pueden ser páginas un poco densas. Hemos intentado, sin embargo, ser didácticos y sintéticos. Hemos tenido en cuenta que es una obra para estudiantes de Sociología y de otras disciplinas que se inician en el estudio de la Sociología. En última instancia, la realidad social no conoce de áreas de conocimiento; sino que tiene múltiples aspectos que deben estudiarse de forma interdisciplinar. En contra de la intención totalizadora de los primeros sociólogos a la hora explicar los hechos sociales, en la actualidad, la pretensión de la Sociología es aportar una visión propia complementaria a la de otras Ciencias para

conocer y tratar de explicar la realidad social. El libro está estructurado en dos partes bien diferenciadas: la primera incluye los capítulos que estudian los fundamentos de la disciplina; en la segunda parte, se trata de aplicar esos fundamentos, y en general, la perspectiva sociológica, para analizar determinadas instituciones y procesos que caracterizan a la sociedad actual.

## **Die Freimaurer in Österreich**

By : **Reinhard Lamer**

Ein Schleier des Geheimnisvollen umgibt seit jeher die internationale Bruderschaft der Freimaurer und ihre Logen. Diesen Schleier ein wenig zu lüften hat sich dieses Buch zur Aufgabe gemacht. Es erläutert daher die Ideen und Ideale der "Königlichen Kunst", folgt den Spuren der Freimaurer auf dem Gebiet des heutigen Österreich von den Anfängen vor zweieinhalb Jahrhunderten bis in unsere Tage und zeigt auch die engen Bindungen auf, die wiederholt zwischen der österreichischen und der deutschen Freimaurerei bestanden.

## **How to Observe in Archaeology**

By : **Various Authors**

This Handbook is intended primarily for the use of travellers in the Near and Middle East who are interested in antiquities without being already trained archaeologists. It provides information on archaeology and various antiquities. It also connects with the archaeological science and thus connects with the principles of antiquities and archaeology.

## **City of Thorns**

By : **Ben Rawlence**

To charity workers, Dadaab refugee camp is a humanitarian crisis; to the Kenyan government, it's a "nursery for terrorists"; to the western media, it's a dangerous no-go area; but to its half a million residents, it is their last resort. Situated hundreds of miles from any other settlement, in the midst of the inhospitable desert of northern Kenya where only thorn bushes grow, Dadaab is a city like no other. Its buildings are made from mud and its citizens survive on rations and luck. Over the course of four years, Ben Rawlence became a first-hand witness to a strange and desperate limbo-land, getting to know many of the individuals who have sought sanctuary in the camp. Among them are Guled, a former child soldier who lives for soccer; Nisho, who scrapes together an existence by pushing a wheelbarrow and dreaming of riches; Tawane, the indomitable youth leader; and schoolgirl Kheyro, whose future hangs upon her education. With deep compassion and rare eloquence, Rawlence interweaves the stories of nine individuals to show what life is like in the camp and to sketch the wider political forces that keep the refugees trapped there. Lucid, vivid and illuminating, City of Thorns is an urgent human story with profound international repercussions, brought to life through the people who call Dadaab home.

## **A ação humana**

By : **Ludwig von Mises**

Obra magna de Ludwig von Mises, um dos maiores economistas da História, A ação humana pode ser considerado um dos pilares da ciência econômica do século XX. O livro, um tratado econômico, centra-se na refutação das teorias que excluem a participação humana dos processos econômicos. O núcleo do pensamento do autor é a Teoria da Ação Humana, ou Praxiologia, a ciência geral que ele busca explicar. Para ele, tudo que procuramos estudar em economia origina-se da escolha individual. O homem não escolhe apenas entre diversos bens e serviços, todos os valores humanos lhe são oferecidos como opção e submetidos às decisões individuais: o princípio da responsabilidade. Portanto, a teoria da escolha é muito mais do que o lado "econômico" do

empreendimento humano - é central a toda a ação humana: a ação dos indivíduos. A ação humana é uma obra-prima da filosofia econômica, podendo ser lido tanto por acadêmicos quanto por cidadãos comuns que busquem entender o fenômeno dos preços, da inflação, da livre iniciativa, do Mercado como um todo: nada escapa à lente de von Mises.

## Os jogos e os homens

By : **Roger Caillois**

Faz muito tempo que os filósofos se interrogam sobre a interdependência dos jogos com a cultura. Roger Caillois faz aqui, pela primeira vez, um recenseamento dos tipos de jogos aos quais os humanos se dedicam. A partir deste recenseamento elabora uma teoria da civilização e propõe uma nova interpretação das diferentes culturas, das sociedades primitivas às contemporâneas.

## Paradigms and Perception

By : **Steven Hager**

In popular culture many paradigms exist alongside each other, none of which are right or wrong. There is no one real meaning to life, only a set of possible paths leading in many directions. The area that should be investigated, however, is the development of propaganda and its influence on the shaping of our shared symbol system, and the possible influence these systems may have on what Carl Jung referred to as "the collective unconsciousness." Is there a telepathic field shared by all humanity? Or thousands of mini-fields competing for the telepathic airwaves? A unique history of popular culture is explored, one that places Congo Square in New Orleans at its epicenter.

## The New Church Ladies

By : **Jim Goad**

Hey, you! That's right—YOU! Do you constantly find yourself grievously offended by racism, sexism, homophobia, transphobia, Islamophobia, xenophobia, hatred, patriarchy, toxic masculinity, rape culture, and bigotry? When you look around, do you find nearly everything "unacceptable" and "problematic"? Do you take psychiatric medication to help you cope with all the world's injustice? Do you walk around wearing diapers on your heart all the time? Are you relentlessly seeking "safe spaces" to get away from all the "microaggressions" that life unfairly hurls at you? Do you cry when people say mean things? Do you classify anyone who disagrees with you as a "fascist," a "bigot," a "hater," a "white supremacist," and a "Nazi"? Do you believe that "hate speech" is different than "free speech"? Do you often mistake mere words for literal violence? Do you think that people should be beaten up, jailed, or even murdered for harboring or expressing "right-wing" thoughts? Have you ever chanted in public with a group of likeminded, politically motivated individuals? Do you think that anyone who disagrees with you should lose their job? Have you ever told anyone to check their privilege? Are you convinced that you're on the "right side of history"? Do you feel "oppressed" even though you've never worked an honest day in your life and still receive handouts from your parents and the government? Do you feel that "social justice" can be objectively defined and ultimately achieved? Do you think straight white males are the primary source of all human suffering throughout global history? If so... YOU'RE THE F\*\*\*\*\*G PROBLEM, YOU UPTIGHT, CENSORIOUS, SELF-RIGHTEOUS A\*\*\*\*\*E! AND YOU ARE RUINING THE WORLD WITH YOUR PSYCHOTIC WITCH-HUNTING, ENDLESS PROTESTING AND BOYCOTTING, AND MOST OF ALL YOUR ABSOLUTELY SMACKABLE LACK OF HUMOR! YOU MAKE THE SALEM WITCH TRIALS AND THE McCARTHY ERA LOOK LIKE A NICE WARM BUBBLE BATH BY COMPARISON! In The New Church Ladies , beloved author JIM GOAD uses weaponized words, violent rhetoric, debunked and discredited pseudoscience, and shocking, unforgivable HATE SPEECH to explain why the people who are always fighting "hate" are the most hateful jerkoffs on the planet...and why anyone who spends their life "shaming" others for not thinking like a perpetually miserable, microchip-implanted,

ideologically clubfooted, progressive brainwashed zombie Social Justice Warrior should be ashamed of themselves.

## [関東連合 —六本木アウトローの正体](#)

By : 久田将義

六本木界隈で事件が起こると、あるいは芸能スキャンダルがあると、必ずと言っていいほど、あるグループの関与が取り沙汰される。捜査当局から、ついに準暴力団と規定された関東連合だ。いったい彼らは何者なのか。なぜそれほど影響力を持てるのか。数々の事件の背景には何があるのか——。捜査当局はもとより、関東連合幹部、暴力団関係者を直撃。さらに、暴走族、チーマー、ギャングと変遷した昭和・平成の不良少年シーンを、著者の実体験も交えて辿る。綿密な取材・分析から見えてきた、新しい反社会的なネットワークの正体に迫る。

## [Wonder Woman Unbound](#)

By : **Tim Hanley**

With her golden lasso and her bullet-deflecting bracelets, Wonder Woman is a beloved icon of female strength in a world of male superheroes. But this close look at her history portrays a complicated heroine who is more than just a female Superman. The original Wonder Woman was ahead of her time, advocating female superiority and the benefits of matriarchy in the 1940s. At the same time, her creator filled the comics with titillating bondage imagery, and Wonder Woman was tied up as often as she saved the world. In the 1950s, Wonder Woman begrudgingly continued her superheroic mission, wishing she could settle down with her boyfriend instead, all while continually hinting at hidden lesbian leanings. While other female characters stepped forward as women's lib took off in the late 1960s, Wonder Woman fell backwards, losing her superpowers and flitting from man to man. Ms. magazine and Lynda Carter restored Wonder Woman's feminist strength in the 1970s, turning her into a powerful symbol as her checkered past was quickly forgotten. Exploring this lost history as well as her modern incarnations adds new dimensions to the world's most beloved female character, and Wonder Woman Unbound delves into her comic book and its spin-offs as well as the myriad motivations of her creators to showcase the peculiar journey that led to Wonder Woman's iconic status.

Malavra beach 2km east of Tholos, you'll meet the secluded beach of Malavra, surrounded by high cliffs. The beach is accessible only on boat and is generally affected by the north winds. Till recently you could access it by walking from the nearby station for exploiting the fresh water springs of Malavra, accessed by the dirt track from Tholos beach. However, on the way a gate has been placed to keep visitors away. Surroundings and Sightseeing. Kavoussi is one of the most interesting and unknown regions of Crete.
