Critical Perspectives on Empire is a major series of ambitious, cross-disciplinary works in the emerging field of critical imperial studies. Books in the series will explore the connections, exchanges and mediations at the heart of national and global histories, the contributions of local as well as metropolitan knowledge, and the flows of people, ideas and identities facilitated by colonial contact. To that end, the series will not only offer a space for outstanding scholars working at the intersection of several disciplines to bring to wider attention the impact of their work; it will also t Historical collapse of ancient states or civilizations has raised new awareness about its possible relevance to current issues of sustainability, in the context of global change. This Special Feature examines 12 case studies of societies under stress, of which seven suffered severe transformation. Outcomes were complex and unpredictable. You are going to email the following Critical perspectives on historical collapse. Message Subject (Your Name) has sent you a message from PNAS. Message Body (Your Name) thought you would like to see the PNAS web site. How Capitalism Underdeveloped Black America is a classic study of the intersection of racism and class in the United States. It has become a standard text for courses in American politics and history, and has been central to the education of thousands of political activists since the 1980s. This edition is presented with a new foreword by Leith Mullings. His fascinating perspective on the lies and limitations of the American Dream, and the inherent racism in a society that denies its nonwhite citizens the opportunity to dream, gives extraordinary insight into the most urgent issues of our own time. Organized into three parts, this Handbook explores historical and cultural foundations, philosophical and conceptual bases, and critical and analytical concepts. 2.
