Its name is Public Opinion. It is held in reverence. It settles everything. Some think it is the voice of God. Loyalty to petrified opinion never yet broke a chain or freed a human soul.

Until a man duplicates a blade of grass, nature can laugh at his so-called scientific knowledge. Remedies from chemicals will never stand in favorable comparison with the products of nature, the living cell of a plant, the final result of the rays of the sun, the mother of all life.

Slowly an apprehension of the intimate, usable power of God is growing among us, and a growing recognition of the only worthwhile application of that power—in the improvement of the world.

Note: Not every microbe and disease in Chapter 5 (the Frequency Directory) is included here, because Chapter 5 is itself an annotated index. However, this index does contain all of the primary (overview) categories in Chapter 5 and a few important health conditions listed in subheadings. For a complete directory of diseases, along with their frequencies, see Chapter 5.

Also note: A huge number of valuable books and research papers were used in the writing of this book. Space limitations made it impossible to list all the prominent authors and their publications. Therefore, the individuals listed here are limited to historical figures involved with Royal Rife, influential people in the modern Rife community who were quoted rather extensively, and selected scientists involved with medical research. No slight is intended of those who were omitted. You can always find these people and their work in the Endnotes and in References.

The Rife Handbook â€“ Chapter 3 excerpt, â€œColloidal Silverâ€. © 2009 by Nenah Sylver, PhD. 1 excerpted from. CHAPTER 3: Complementary The Rife Handbook.Â Health care journalist Connie Strasheim has conducted intensive interviews with thirteen of the world’s most competent Lyme disease healers, asking them thoughtful, important. Vibrational Medicine New Choices for Healing Ourselves, Richard Gerber, 1996, Health & Fitness, 601 pages. An overview of theory, history and spiritual philosophy of energetic medicine.Â The handbook of rife frequency healing holistic technology for cancer and other diseases, Nina Silver, 2001, Medical, 430 pages. Cell Talk Transmitting Mind Into DNA, John E. Upledger, 2010, Health & Fitness, 501 pages. 666 the rife handbook. discourse, I will explain what â€œfrequencyâ€ and other terms mean as they are applied to the electromagnetic spectrum. Electromagnetic energy in living systems will be reviewed. I will explore several types of electromedical modalities. And Iâ€™ll discuss the related modality of sound therapy. ELECTROMEDICINE THROUGHOUT HISTORY Healing with electromedicine is not new. From electricity (lightning) and static electricity (friction) to magnetism (lodestone), from the sun (for its far infrared and ultra-violet radiation) to visible light (for its different colored wavelengths),
