Writing tips for fiction writers. The more I explore fiction writing, the more complex and multi-layered it becomes. Through the processes of brainstorming, outlining, researching, writing, and revising, I have discovered countless details that authors have to consider as they set out to produce a viable work of fiction. Over the years, I have collected a vast pile of notes and ideas concerning fiction writing. These fiction writing tips come from countless sources. Some were picked up back in my college days. Others came from books about writing. Many came from interviews with successful authors that I have read, watched, or listened to. And a few came from my own personal experiences as both a reader and writer. The writer is now exposing himself in earnest, using a word that distracts and can interrupt the rhythm of the exchange. I have a character in one of my books tell how she used to write historical romances "full of rape and adverbs".

- 5 Keep your exclamation points under control. You are allowed no more than two or three per 100,000 words of prose.
- 2 The way to write a book is to actually write a book. A pen is useful, typing is also good. Keep putting words on the page. The Writer's Chapbook. by a ton of writers you've heard of, edited by George Plimpton; I stumbled upon a used copy of this book in one of my favorite bookstores and I find myself picking it up way more often than anticipated. This great little volume is packed with insights from some of the best writers of our generation on things like work habits, characters, beginnings and endings, reading, and living the life of a writer. You can literally pick it up, read a one-liner quote from an esteemed novelist, then get back to work. This book also reads like a memoir but is packed with her ideas and practice on writing as a form of spirituality. If you enjoyed Big Magic, this book goes even deeper in that same vein of creativity and spirituality all rolled into one. The Elements of Style. by William Strunk Jr.
