Oil pastels are one of those mediums that you either love or hate. Sometimes, the mess of them smeared over every surface just outweighs the benefits of using them in your classroom. Maybe you have always felt that you were demonstrating techniques incorrectly leading to your students' work looking like they used plain old crayons. Well, have no fear! Here are seven techniques to wow your students with the next time you dig out the oil pastels. Be sure to download the handy guide at the end of this article!

1. Heavy Pressure Blending Generously add oil pastel in one direction onto your paper.
