The kakapo, the world's largest parrot and its only flightless parrot, is found just in New Zealand. And it is an endangered species. Because of his rare genetics, Sinbad, shown here, is described as one of the most important individuals in the current population. less. The kakapo, the world's largest parrot and its only flightless parrot, is found just in New Zealand. And it is an endangered species. Because of his rare genetics, Sinbad, shown here, is described as one of the more. Tell me more. Readers 10 and older will enjoy "Kakapo Rescue: Saving the World's Strangest Parrot," by Sy Montgomery. The author and photographer Nic Bishop spent 10 days on Codfish Island during breeding season and then turned their adventure into an award-winning book. Readers 10 and older will enjoy "Kakapo Rescue: Saving the World's Strangest Parrot," by Sy Montgomery. The author and photographer Nic Bishop spent 10 days on Codfish Island during breeding season and then turned their adventure into an award-winning book. How can I help? The government of New Zealand posts kakapo news at [doc.govt.nz/our-work/kakapo-recovery](http://doc.govt.nz/our-work/kakapo-recovery). Find out how to support recovery work by clicking on "Get involved." But remember to get an adult's permission before going online. "Kakapo are amazing birds, unlike anything else on Earth," said scientist Andrew Digby.
