See ways to protect your house from them. Travelers Insurance just released its Top Five Ways Things Can Go Wrong interactive report, showing the most common and costliest causes of home damage based on an analysis of eight years of claim data. Here are the issues to look out for: 1. Wind. "The most common source or cause of damage is wind-related," Scott Humphrey, second vice president of risk control at Travelers, told TODAY Home. "You can't pick up your home and move it elsewhere, but you can try to harden it by installing building materials that are more resistant to that type of hazard," he added. 4. Weather-Related Water. Heavy rain and flooding can do a number on your house, but there are a few things you can do to prevent damage.
