KZZQ has been working with the TV station for months on this series. According to KZZQ's **Dave St. John**, "It's great to see Q music getting this much exposure, but to watch programmers at OTHER stations in the market acknowledging it's growth is great. We're excited to see the story is balanced and effectively drives home the non-religious nature of Q99.5 and our artists."

Congratulations to Oldies WOMC/Detroit morning man and Motor City radio legend **Dick Purtan**, who celebrated 37 years in Detroit morning drive today (8/9)! **DJ Broadcasting's** KBKK/Pillager-Brainerd drops its adult standards format to enter a crowded Brainerd Lakes area country format battle. The change occurred last Monday. Instead of competing with KLKS, the station will now compete with KBLB, KKIN, WWJO, KFGI, and KKWS for country listeners.

Several weeks ago, the *TATTLER* reported that **Northern Lights Public Radio** in Grand Forks, ND, would be going dark, and the last broadcast for AM 1370 KUND and 90.7 KFJM was set for July 31. However, instead of going dark, the stations are now simulcasting programming from **North Dakota Public Radio** and crosstown 89.3 KUND-FM/Grand Forks. Currently, the **University of North Dakota** owns KUND and KFJM, and had decided to let the stations go dark due to budget constraints. But in lieu of letting the licenses expire, North Dakota Public Radio is now seeking permission to program and operate the two stations. They plan to return to a mix of adult alternative, folk, and jazz similar to that of Northern Lights Public Radio if permission is granted.

**Def Leppard's** new video for "Now" chronicles the life of a Def Leppard concert T-shirt from 1983 through its 2002 sale to an excited young fan on E-bay.
