To date, we have used our intelligence to try to understand the world and human existence, to prolong our lifespans and improve our lifestyles,

The Three Treasures are the essential energies sustaining human life. Jing is the nutritive essence and is carried in sperm and blood, while Qi is vitality, energy, life force, air, breath, vigour and attitude, and Shen is spirit, soul and mind. Shen isn't something that you build, cultivate or extract, it is something you open into. Jing is like your body's reserve that is dipped into only when your blood and Qi is low. Taoists say a resounding "eyes," conserving sexual energy in this way has a host of amazing benefits.
