Authors : Graham-Brown BSc MBBS FRCP FRCPCH, Robin, Bourke MD MRCPI Cork Dr., Johnny. Mosby's Color Atlas and Text of Dermatology. Title : Mosby's Color Atlas and Text of Dermatology. Publisher : Mosby. Read full description. He was appointed consultant dermatologist in Leicester in 1983, and subsequently became honorary senior lecturer in the University department. His main clinical research interests have been in early diagnosis and public education on skin cancer (especially melanoma) and in atopic eczema. Dr Graham-Brown has co-edited Skin Diseases in the Elderly, and co-written two books (Lecture Notes on Dermatology and A Colour Atlas and Text of Dermatology), as well as chapters for several textbooks. Product details. Series: Mosby's Color Atlas and Text. An astute clinician relies on visual to retrace the footprints of memories and association with a patient's condition, some gathered from past experience and others from a book or atlas. This volume by Conlon and Snyderman provides vivid photographs of common and rare illnesses that all health providers should have outlined in their minds. This is a clear, comprehensive book, which is a valuable source of reference in the management of infectious disease. Read more.
