The anatomy of the giant squid is in itself intriguing and awe-inspiring. I knew some about the Kraken/giant squid just because of references in literature (I read a ton of fantasy books). I found some of the information about the giant squid to be especially fascinating because I just finished reading China Mieville's book Kraken. The pictures are fantastic. There are pictures of everything from old world maps to diagrams detailing anatomy. Here there be monsters: the legendary kraken and the giant squid by H. P.
