The name of the book is Appreciative Leadership: Focus on What Works to Drive Winning Performance and Build a Thriving Organization. In the next couple of weeks one of the authors, Amanda Trosten-Bloom, will be sharing some of her thoughts about appreciative leadership in this blog. Amanda will undoubtedly provide a more nuanced and intelligible overview of Appreciative Leadership in her entries. The fundamental difference between AI and other approaches to working with organizations is that instead of focusing on what is wrong or broken and trying to fix it AI seeks to discover the uniquely positive qualities and capabilities of an organization and uses these as the foundation for future development or change. Start by marking "Appreciative Leadership: Focus on What Works to Drive Winning Performance and Build a Thriving Organization" as Want to Read: Want to Read saving... Its premise is simple yet profound: Instead of focusing on what's wrong in the workplace, learn about and build upon what works. Dr. Diana Whitney--a leader in the field of Appreciative Inquiry--and colleagues Amanda Trosten-Bloom and Kae Rader bring the next generation of these ideas forward, with practical and proven tools for leadership. A refreshingly different approach to managing organizations, Appreciative Leadership turns conventional management thinking on its head, demonstrating how to get results with "positive power." All you need are the five "I's" .
